PHIFERGLASS® WINDOW SCREENING

Extended Limited Warranty

What is Covered?

This warranty covers all Phiferglass® Window Screening when properly handled and installed for normal use as fixed screening or in retractable roller systems. Phifer guarantees that, when delivered to our customer, Phiferglass screening will meet or exceed all of our specifications with regard to mesh configuration, dimension, strength and color. Phifer further guarantees that Phiferglass will not become nonfunctional because of changes in physical properties due to exposure to normal atmospheric conditions. This warranty does not cover damage to screen from any source nor does it cover gradual fading.

Any defects found with regard to mesh configuration, dimension, strength or color that exist at the time of initial delivery must be reported to Phifer within a reasonable period of time and before fabrication or installation of material. Only full or partial rolls of Phiferglass may be returned to Phifer for replacement under this warranty except as provided in the following paragraph.

Phiferglass is covered by this warranty if the fabric becomes nonfunctional due to changes in physical properties. If the fabricated screen appears to be defective, it must be returned to Phifer without hardware or attachments to be inspected.

How Long is the Coverage Period?

The warranty against changes in physical properties is valid for a period of three (3) years.

What Will Phifer do?

Any Phiferglass screening found to be defective will be replaced, free of charge, with an equal quantity of Phiferglass screening.
