Vytex

SLIDING
PATIO DOORS

INVITE THE OUTDOORS IN

There's no better way to invite the feeling of the outdoors in than with Vytex's sliding patio doors. Made with the highest-quality materials and manufactured to superior standards, they're guaranteed to last.

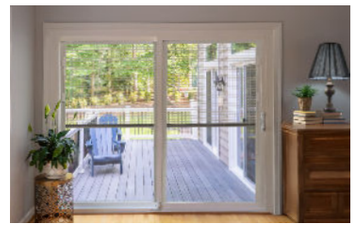
Vytex offers two distinctive patio door designs to give your home a fresh, sophisticated style. Engineered for exceptional durability and cost-saving energy efficiency, our patio doors will improve the comfort and beauty of your home.

FEATURES & PERFORMANCE

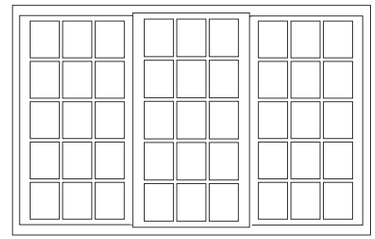
DURABILITY & DEPENDABILITY
Specially formulated PVC prevents scratching and denting, full-height steel reinforced meeting rails provide extra strength and fusion welded sash and frame offer long-lasting durability.

MAXIMUM INSULATING CAPABILITIES
Three high-performance, Low-E glass options, Super Spacer® warm edge spacer system and our specially formulated VyFoam™, in frame and sash, offer ENERGY STAR® rated insulation. Multi-chambered insulating frames and weather-stripped interlocks help prevent drafts, leaks, and noise from entering your home.

ADDED SECURITY
Heavy-duty triple-point locking hardware secures the door at three points, keeping your home, and family, safer and more secure.

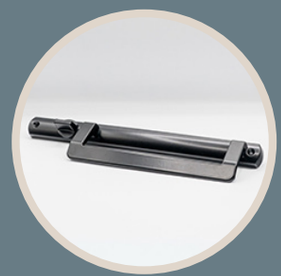


BLINDS + GLASS
Instantly increase the privacy and beauty of your doors with the easy-to-operate Blinds +Glass. Keeps your blinds free from dust and allergens.



Available in two or three-panel designs to allow maximum natural light into your home.

EASY & SMOOTH OPERATION
Exclusive sliding system featuring adjustable dual tandem 1" wheels ensures smooth, easy and quiet operation.



CUSTOMIZED TO YOUR HOME
Available with designer handles and key locks with 5 finish options. Sixteen VyCoat™ exterior colors available. Optional security bar and kick lock.

MAXIMUM AIR BARRIER
Quad weather-sealed meeting rails offer eight fin-type weather strips for maximum air barrier.

SUPERIOR INSULATION & DURABILITY

Backed by years of innovation and experience, the Signature Series patio door offers superior insulation capabilities with the promise of long-lasting durability. We've carefully designed every detail of the door to meet or exceed industry standards and to offer the highest quality performance possible. You can purchase our doors with peace of mind knowing they'll last.

1. Sculpted Exterior Frame Detail

FEATURES & PERFORMANCE

DURABILITY & DEPENDABILITY

Specially formulated PVC prevents scratching and denting, never needs sanding or painting and makes cleaning a breeze. Our operating panel and meeting rail are reinforced with roll formed steel to ensure rigidity and strength.

EXCEPTIONAL INSULATING CAPABILITIES

Our 3/4" insulated glass, multi-chambered insulating frames, Duralite™ warm edge spacer system, and weather-stripped interlocks, keep drafts, leaks, and noise from entering your home.

ADDED SECURITY

For added security, Vytex's multi-point locking system secures the door at two points. It has earned the industry's highest recognized security rating.

* 7000 Series available in white finish only.

EASY & SMOOTH OPERATION

Adjustable tandem wheels for smooth operation.

ENERGY STAR® RATED

Vytex uses the latest advances in patio door and glass technology to maximize the performance and efficiency of your patio door investment.
